I'm sure we can accommodate. We would prefer that this take place via conference call—hope

that's what they had in mind.

As you may know, the NPDES CAFO Rulemaking (Item #4 on the agenda) is fully underway and so our (IEPA's) discussion may be limited. If Dani or Ms. Merkel have questions on that matter, they are best served by taking those questions before the Pollution Control Board. FYI— Dani was at the first of 5 scheduled hearings on this, on August 21, 2012. I think we are free and clear to talk about all the other items on the agenda.

**Subject:** Citizen Groups request a meeting with EPA

Sanjay, Bruce and Dan,

Danielle Diamond, Attorney, Illinois Citizens for Clean Air and Water and Michelle Merkel, Food & Water Watch, have requested a meeting with EPA to discuss the items included below in the proposed agenda. Both the citizen groups and EPA would like to invite representatives of Illinois EPA to participate in this meeting either in person or through conference call. The meeting is scheduled for Friday, September 28, 10:00 - 11:30 am at the Region 5. Please let me know if representatives of Illinois EPA will be available to participate in this meeting. I will be sending out a meeting invitation with meeting logistics sometime next week and would like to include Illinois EPA participants on the invitation.

The proposed list of participants from EPA includes Steve Jann, Ryan Bahr, Joan Rogers, Michael Berman, Mony Chabria, Luis Oviedo, Natalie Topinka and myself. At this time, I do not have an attendee list of citizens beyond Danielle and Michelle.

If you have any questions please contact me.

Thanks,
